Recorder J. L. Henry Issues
Nine Marriage Licenses
So Far This Month.

NOVEMBER'S LIST 29

Wedding Rings Serve Also as
Christmas Presents as the
H. C. of L. Goes Up.

Christmas and the preceding weeks, during which this annual occasion is the main topic of discussion, are almost as popular as the days of June for weddings—so the books of Recorder J. L. Henry attest. With only ten days of December accounted for, nine marriage licenses have been issued. If this record continues the entire month, the number of weddings for December will be almost twice as many as in September of this year, when only eighteen licenses were granted.

October showed an increase of only one over the record of September. November, which sees the first shop windows being dressed with Christmas gifts and marks the start of do-your-shopping-early advertisements, was the occasion of a marked increase in the number of accepted proposals. Twenty-nine couples visited Recorder Henry last month.

"I don't know whether it is the exceptionally 'springy' weather we are having now or a frame-up on the part of the men to make their wedding rings Christmas present as well as wedding gifts that is causing the large number of weddings now," said Mr. Henry. Whereupon another person in the room ventured the suggestion that the soaring of the cost of living had precipitated events planned for next June.

Such interest has been taken in the Armenian Fund since Thanksgiving that the girls at several tables in the dining room have planned unique ways of increasing the fund. At one table each girl puts into the contribution box every nickel that she gets. At another table the girls have agreed to deny themselves a sundae or a Hershey in order to add to the Armenian Fund. In case they yield to the temptation, they will add to the fund the amount that they spent.

An Eight Weeks Club was organized in the College last week. The members intend to meet each Thursday afternoon for the next eight weeks. Miss Myrtle Le Compte is the faculty adviser of the club and the officers are: President, Marian Grady; vice-president, Mary Chandler; secretary, Claire Ginsburg; treasurer, Marykate Boyd. There are now about twenty-two members.

BANQUET MONEY TO START FUND

Women of Baptist Church Hope to Build Sunday School Annex.

The women of the Baptist Church, who will serve the banquet to the Tigers next Wednesday night at Rothwell Gymnasium, are looking forward to a Sunday School room as an annex to the church building. Money received from the banquet will be the beginning of a fund which they hope will some time be large enough to make real their dream.

For a dream it is, according to Mrs. A. F. Neate, one of the Baptist women. Mrs. Neate said the plans were as yet very indefinite, but that they had hopes of getting the annex. Mrs. W. E. Harshe said there had been much talk among the women, but that the plans had progressed no further.

FOR SALE, MONTH OLD, \$400

College of Agriculture Gets Big Price for Young Animal.

The high cost of beef is well illustrated by the sale of a Holstein bull calf belonging to the College of Agriculture of the University of Missouri for \$400 to the agricultural division of the University of Nevada. At the time of the sale the calf was less than one month old. It will be kept on the University farm until it is six months old before being shipped to the buyer.

TAXES ARE COMING IN SLOWLY

Collector Jacobs Says That 60 Per Cent Will Be Paid After December 25.

With only nineteen days remaining for the \$45,000 city taxes to be paid, Collector B. W. Jacobs reports that only \$4,000 has been received from Columbians. "This is the usual way the collection of the city revenue proceeds," said Mr. Jacobs yesterday. "Nearly everybody, except a few payers of small amounts, waits until the last minute. More than 60 per cent of the \$45,000 will be paid after December 25. The merchants wait until after the Christmas rush, and then they come all at once. I would appreciate it if those who could would pay their taxes at once and help overcome this annual congestion."

"Although five persons have been fined for delinquency in paying their dog tax, this has had little effect in bringing the rest of the 100 delinquents to my office. Unless these persons pay their dog taxes soon, they can expect to be brought into court as these five persons were," said the collector.
